

Full Membership of the WM Funders Network is open to:

- Charitable funders and investors (including organisations such as lawyers which administer charitable trusts) that support the Voluntary and Community Sector (VCS) in the West Midlands through grant-making, loans, support schemes, donations, etc.

Associate Membership of the WM Funders Network is open to:

- Voluntary and Community Sector organisations (eg Councils for Voluntary Services) which have a role in supporting the development of VCS organisations in the region – in particular those responsible for providing funding advice or managing statutory funding schemes.
- Other organisations and individuals that the WM Funders Network Executive Committee deems appropriate to be part of the membership (eg other types of funders, organisations undertaking a representative/support role at a regional level, individuals who have interests and expertise relevant to the objects of WM Funders Network, etc).

The annual fee should be based on the total value of grants made by the trust/organisation in the last full financial year. These include the organisation's own funds and funds it manages on behalf of third parties.
